

THE ROI ADVANTAGE THAT SAVIOM ERM OFFERS

When you are empowered with Saviom Enterprise Resource Management (ERM), your ROI numbers will make your management proud and your staff productivity levels will be your pillar of strength.

Because we help your operations get leaner and make your margins healthier, all at once!

AND HERE'S HOW

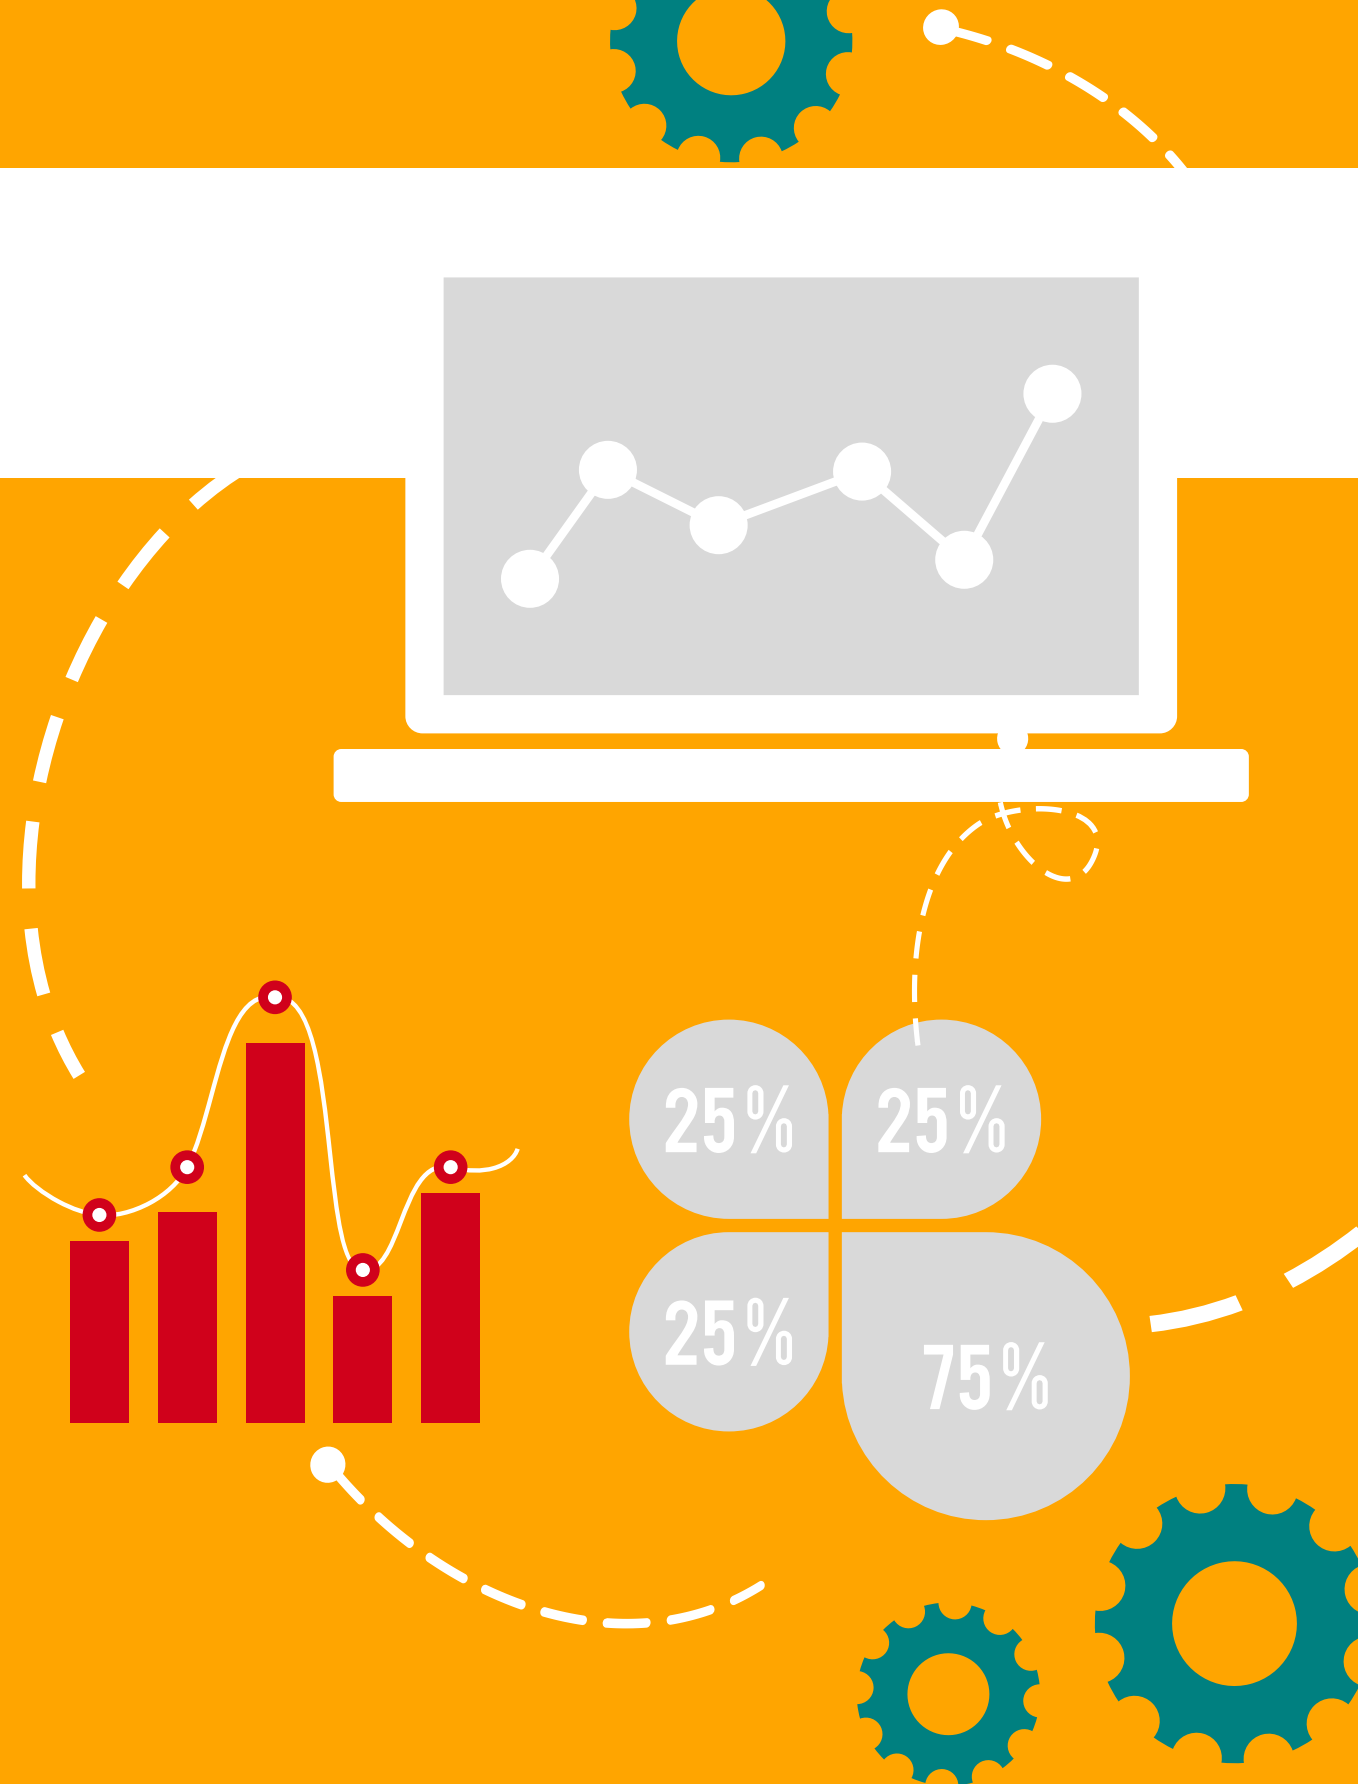

SAVE THE ONE THING YOU CAN'T BUY: **TIME!**

- ▶ With enterprise-wide visibility of all resources and their work, you can finally make plans that do not falter.
- ▶ Assign the right resource for the right job and never compromise on your output quality.
- ▶ Forecast upcoming staff needs with scientific precision and leverage this knowledge to future-proof your business.
- ▶ Utilize all your resources optimally and put a permanent end to wasteful cycles of repeat hires and fires.

SCHEDULE BETTER AND **OPTIMIZE**

- ▶ Make masterpieces out of your schedules with precise data and one-click accessibility.
- ▶ Your project plans will have the agility to accommodate for schedule changes and thereby mitigate any delays or overbookings.
- ▶ Give your scheduling decisions the merit of actual statistics and ensure allocations always match availability and skillsets.

DO MORE WITH LESS

- ▶ Retain, train, restructure and diversify existing resources instead of hiring excess.
- ▶ Unleash stellar productivity levels with lowered attrition rates and higher employee satisfaction levels.
- ▶ Every change in your employee utilization level can multiply the ROI numbers you currently have. (See the savings you enjoy on the right).

Possible improvement in resource utilisation

Saving based on utilisation improvement
(Avg. Salary \$ 50,000 pa)

Number of employees	Employee Utilization / Improvement			
	3%	5%	7%	10%
25	\$37,500	\$62,500	\$87,500	\$125,000
50	\$75,000	\$125,000	\$175,000	\$250,000
100	\$150,000	\$250,000	\$350,000	\$500,000

ALWAYS BE **FUTURE READY!**

- ▶ Put speculations behind and base your forecasting on data-driven facts so that you are never caught unprepared.
- ▶ Compare allocated hours with actual hours, study our comprehensive reports and analyse your capacity vs. demand ratio with crystal clarity.
- ▶ Give your business the edge of general wellbeing and sustainable growth that is backed by employee as well as client satisfaction.
